EDUCATION

B.E. in Computer Science , Rizvi College of Engineering, Mumbai - 8.0 CGPA	2025
HSC , St Mary's Jr. College, Mumbai - 83.23%	2020
SSC , St Mary's High School, Mumbai - 83.60%	2018

TECHNICAL SKILLS

Languages:	JavaScript, TypeScript, Java, C++
Development:	React.js, Node.js, REST APIs
Database:	SQL, MongoDB
Cloud & DevOps:	AWS, Docker, Git

EXPERIENCE

Mobile App Developer Intern (Wizard Support Services) Mar 2025 - Present

- Currently developing a React Native Expo app for improving accessibility for stock market advisory packages.
- Working on implementing key features, including payment gateway integration and package selection functionality, to ensure a seamless user experience.
- Integrating third-party APIs to fetch real-time stock data, providing users with accurate and up-to-date information.

PROJECTS

Intro 🌀 (Next.js, Gemini) Feb 2025 - May 2025

- Built an AI mock interview platform using Next.js to generate role-specific questions, and provide automated answer evaluations.
- Designed an interactive UI with Clerk authentication, webcam support, voice input, and real-time visual feedback using TailwindCSS and shadCN.
- Integrated Gemini API to provide questions, answers and return feedback.

Parkit 🌀 (IoT, React Native Expo, Firebase) Mar 2024 - May 2024

- Developed a mobile app for parking reservations with user authentication, booking management, and payment processing.
- Implemented features like parking slot selection, vehicle detail entry, and booking confirmation.
- Utilized Firebase for real-time database management and secure data handling.

ACCOMPLISHMENTS

- Secured 1st place in multiple college-level coding competitions.
- Actively participated in various sports and technical events beyond college,
- Member of college football team.
